ORWAK BENEFITS

MORE PRODUCTIVE USE OF TIME

Less time spent on waste handling, more time for your core activities!

MORE SPACE & ORDER

Our balers rapidly minimize the space the waste takes up, keeping aisles free and tidy.

LESS COSTS, MORE VALUE

More compaction = less waste volume to transport. Fewer transports required results in lower transportation costs and reduced CO₂ emissions. Sorting at source yields a higher quality of waste material for recycling.

WHY ORWAK COMPACT?

- Strong compaction on the spot! Requires little space, yet provides effective volume reduction
- Easy-to-handle light weight bales
- The best choice for small to medium size volumes of cardboard and plastic
